

*Supporting local, Midwestern family farms.  
Today, tomorrow & always.*

*We have a commitment to the American farmer, our community and to those families that our pork feeds. That is why Agar sources their hogs from family-owned and independent producers right here in the heartland of America. We have partnered with over 175 farms that are about 300 miles from Rantoul, IL. Good pork comes from good family farms, and you deserve to know right where that is. Plain & simple, just as your pork should be.*

*Since 1896 · Family Owned · Midwest Raised*
